Upcoming work and events on No Trust Verify

- Participation in a Nym community call
- Showcase application connected to the Nym
- Implementation of the reward calculator on the website

METRICS

Below you will find our various metrics for the period from May 15 to June 20, 2022. For this period, we received approximately 23.280 million packets to process.

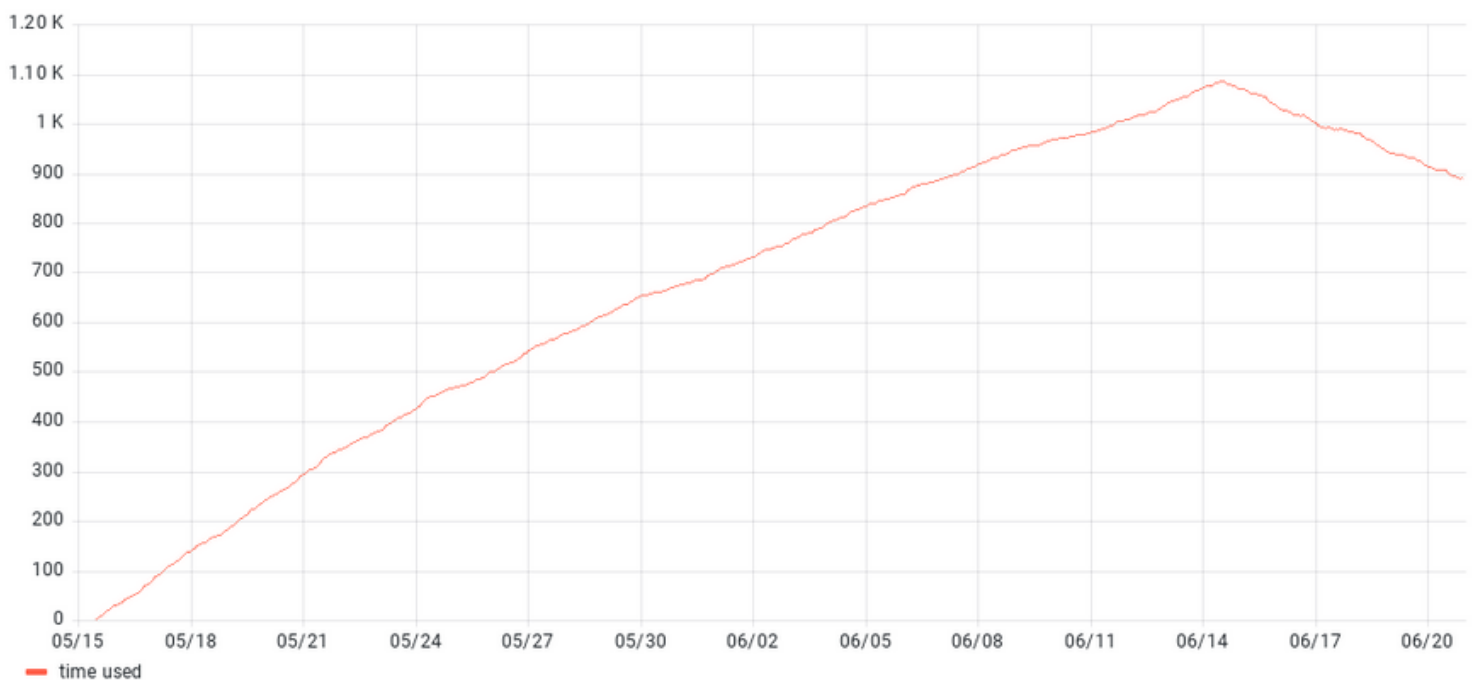

Packets since last polling

Our gateway was bound on 14.06.2022. For the moment, there is no delegation made on it because we are waiting for the gateways to be incentivized.

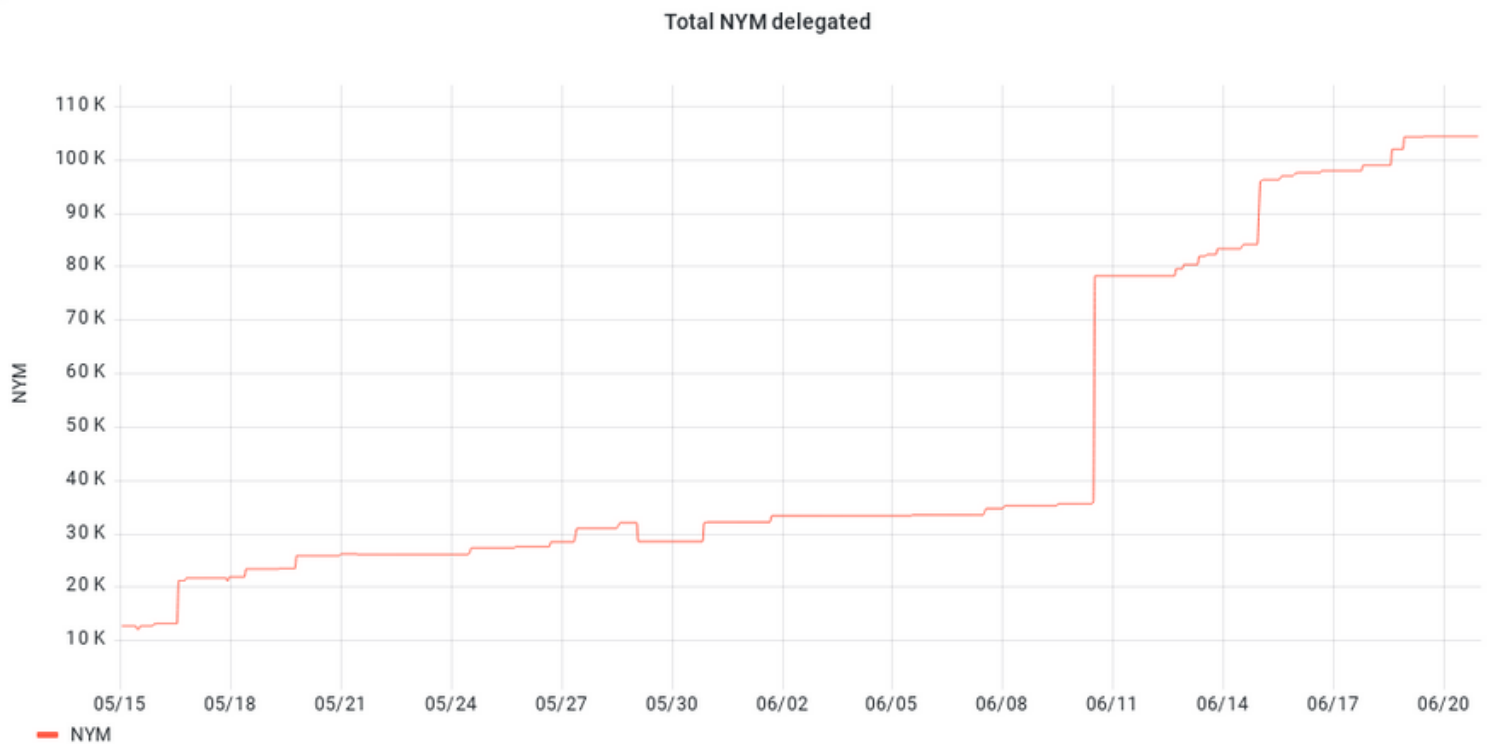

i

Gateway - Number of times it has been used for network testing

METRICS

You will find below our different measures for the period from May 15 to June 20, 2022 regarding the delegations made on our mixnode. During this period, we received 104'518 NYM in delegations.

For the time being, the delegator awards are still provisional. In the future, the rate of awards should surely be different.
